

SPANISH DICTIONARY

John Rene Plaut

INTRODUCTION

www.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

John Rene Plaut has contributed to the dictionary with 11532 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

Working Group

www.wordmeaning.org

una vez para siempre

unas son de cal y otras son de arena

SOME ARE MADE OF LIME AND OTHERS ARE MADE OF SAND. in colonial times it was built with lime, lime, sand and egg white as an adhesive. The lime and sand were manually moved with wheelbarrows to the point of mortar production. Some wheelbarrows were made of hydrated lime and others were made of sand. A uniform mortar was generated by a mixing process. Then small boulders were added to completely fill the mixture so that it was very compact. Hence the saying A CAL Y A CANTO, to express that something is closed to MACHOTE, hermetically. So, this expression concordantly, means of good and bad, "of everything a little". Mezcladito .
