chivato de balcón

The Chivatos de Balcón are people with a lot of free time and without any purpose in life, their only mission is to observe by the balcony or window and rat on or denounce neighbors, passers-by or passers-by who fail to comply with health or living standards. They are usually hypochondriacs, pusillanimous people, with mental disorders and without any empathy and understanding for others. They have gained relative importance during the COVID-19 pandemic, with their performance they believe they save the world.
